

Seater Head 9,30/.366-R27

Seater head made from high-quality brass, precision-machined in a single setup on modern CNC machines – for precise and gentle bullet seating. Profile-matched design ensures optimal axial bullet alignment, improving cartridge concentricity and overall accuracy. Select the correct seater head using the tool on the manufacturer's website www.triebel-reloading.com. Suitable for original dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Seater Head 9,30/.366-R27
- Manufacturer: TRIEBEL
- Product no.: EU2017507
- Mfr. No.: 3000054V-09.30-R027
- Diameter (in): 0.366
- Diameter mm: 9,30
- Radius: R27
- Delivery weight: 0.015kg
- Shipping height: 15mm
- Shipping width: 15mm
- Shipping length: 30mm
- EAN/UPC: 3000054V-09.30-R027

Seater Head Safety Instruction Guide

Introduction

Thank you for choosing the Seater Head 9,30/.366R27. This guide provides essential safety information and instructions for the safe use of this product, ensuring a secure and effective reloading experience. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified by the manufacturer.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Store the product in a cool, dry place away from direct sunlight and moisture.
- Be aware of your surroundings and ensure a safe working environment when using the product.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from improper handling or installation.
- Risk of damage to the product or other equipment if used incorrectly.

- **Avoiding Hazards:**

- Follow all instructions provided in this guide for installation and use.
- Do not exceed the specified dimensions and tolerances when using the Seater Head.
- Ensure that all components are securely fastened before operating the reloading press.
- Avoid distractions while using this product to maintain focus and safety.

- **Age Specific Warnings:**

- This product is intended for use by adults or under the supervision of an adult.
- Ensure that minors are educated about the safe handling of reloading equipment if they are present during its use.

Instructions for Installation and Usage

- **Installation:**

1. Ensure that the reloading press is turned off and disconnected from any power source (if applicable).
2. Carefully remove the Seater Head from its packaging.
3. Align the Seater Head with the appropriate die in the reloading press.
4. Securely fasten the Seater Head using the appropriate tools, ensuring it is tightly in place.
5. Doublecheck that all components are aligned and secure before proceeding.

- **Usage:**

1. Prepare your workspace by ensuring it is clean and free of any unnecessary items.
2. Insert the cartridge case into the reloading press, ensuring it is correctly positioned.
3. Place the bullet into the case mouth, ensuring it is aligned properly.

4. Slowly operate the reloading press to seat the bullet, applying consistent pressure.
5. After seating, inspect the cartridge for proper bullet alignment and depth.
6. Store any unused components and the Seater Head safely after use.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, check for local recycling programs or hazardous waste disposal facilities.
- Ensure that all materials are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any inquiries related to safety, usage, or warranty information, please refer to the manufacturer's website or contact their support team directly. It is essential to have a reliable point of contact for any product-related questions or concerns.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective reloading experience with your Seater Head 9,30/.366R27.
