

Seater Head 9,50/.375-K12,2

Seater head made from high-quality brass, precision-machined in a single setup on modern CNC machines – for precise and gentle bullet seating. Profile-matched design ensures optimal axial bullet alignment, improving cartridge concentricity and overall accuracy. Select the correct seater head using the tool on the manufacturer's website www.triebel-reloading.com. Suitable for original dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Seater Head 9,50/.375-K12,2
- Manufacturer: TRIEBEL
- Product no.: EU2017513
- Mfr. No.: 3000054V-09.50-K12.2
- Diameter (in): 0.375
- Diameter mm: 9,50
- Radius: K12,2
- Delivery weight: 0.015kg
- Shipping height: 15mm
- Shipping width: 15mm
- Shipping length: 30mm
- EAN/UPC: 3000054V-09.50-K12.2

Safety Instruction Guide for Seater Head 9,50/.375K12,2

Introduction

Thank you for choosing the Seater Head 9,50/.375K12,2. This product is designed for precise and gentle bullet seating, ensuring optimal performance in your reloading activities. To ensure your safety and the effectiveness of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure safe use of all nonfood products, including highquality reloading tools like the Seater Head.
- Be aware of risks not covered by other EU laws; always handle the product with care.
- When shopping online, ensure that the platform meets safety requirements equivalent to those of physical stores.
- Extra safeguards are in place for vulnerable groups, including children; keep all tools and components out of their reach.
- For safety inquiries, ensure you have access to an EUbased contact for support.
- Stay updated on product safety through the EU's Safety Gate platform, reporting any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the Seater Head.
- Ensure that the workspace is clean and free of obstructions to prevent accidents.
- Do not exceed the recommended specifications for the Seater Head; using it outside of its intended parameters may lead to malfunctions or safety hazards.
- Keep the Seater Head and other reloading tools away from children and untrained individuals.
- Inspect the Seater Head before each use for any signs of damage or wear; do not use if damaged.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Select the correct seater head using the tool on the manufacturer's website: www.tribelreloading.com.
- Attach the Seater Head to your reloading die according to the manufacturer's instructions, ensuring a secure fit.
- Verify that the Seater Head is properly aligned before proceeding.

2. Usage:

- Adjust the Seater Head to the desired depth for bullet seating based on your specific reloading requirements.
- Load the cartridge case into the reloading press following standard procedures.
- Carefully insert the bullet into the cartridge case, ensuring it is properly aligned with the Seater Head.
- Operate the reloading press slowly and steadily to ensure gentle and precise bullet seating.
- After use, clean the Seater Head to remove any debris or residue to maintain its performance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the Seater Head is no longer usable, check local guidelines for the disposal of metal and brass components.
- Do not dispose of the Seater Head in regular household waste; instead, recycle where possible.

Contact Information for Further Support

For any questions or concerns regarding the Seater Head 9,50/.375K12,2, please refer to the manufacturer's website or your retailer for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Seater Head. Thank you for your attention to safety and compliance with these guidelines.
