ERATAC Trigger ARSafety Selector Shaft for Haenel Safety Instruction Guide

Introduction

Thank you for choosing the ERATAC Trigger ARSafety Selector Shaft for your HK MR223 or MR308. This product is designed to enhance the safety and functionality of your firearm. It is important to read and understand this safety instruction guide to ensure safe installation and usage.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always follow local laws and regulations regarding firearm modifications and usage.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.
- In case of any doubts regarding the product's safety, contact the manufacturer for guidance.

Specific Safety Precautions for Use

- Only use the ERATAC Trigger ARSafety Selector Shaft with the specified HK MR223 or MR308 platforms.
- Retain the original HK levers and roll pins during installation to ensure proper function.
- Use the spare roll pins included in the package only as replacements for lost or damaged pins.
- Do not modify the safety selector shaft or any associated components beyond the manufacturer's specifications.
- Always handle your firearm with care and ensure it is unloaded before performing any modifications.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the following tools ready: a screwdriver and any other necessary tools for your specific firearm model.
- Gather the original HK levers and roll pins for reinstallation.

2. Installation Steps:

- Ensure that your firearm is completely unloaded and pointed in a safe direction.
- Remove the original safety selector from the firearm according to the manufacturer's instructions.
- Install the ERATAC Trigger ARSafety Selector Shaft by following these steps:
 - Align the safety selector shaft with the designated area on the firearm.
 - Insert the original HK levers and roll pins securely into place.
 - If necessary, use the spare roll pins provided to ensure a tight fit.
- Verify that the safety selector operates smoothly and correctly before using the firearm.

3. Usage:

- Familiarize yourself with the safety selector's operation before using the firearm.
- Always ensure the safety is engaged when the firearm is not in use.
- Regularly check the functionality of the safety selector during routine firearm maintenance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the product is no longer in use, ensure it is disposed of in a manner that prevents it from being used improperly.
- Consider recycling components where possible, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the ERATAC Trigger ARSafety Selector Shaft, please refer to the manufacturer's contact information provided with the product packaging. They will be able to assist you with any safety inquiries or support you may need.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the ERATAC Trigger ARSafety Selector Shaft for your HK MR223 or MR308. Always prioritize safety and compliance with local laws to enhance your shooting experience. Thank you for your attention to these important guidelines.
