

Reducer Rings - Reducing Rings T4/T5, 30mm auf 1", 1 Paar

Next-Gen Weight Optimization: The GEN-2 series features an engineered, weight-reduced design that delivers an impressive weight reduction of up to 12% compared to previous generations, without sacrificing any structural rigidity.

Dual Fastener Configurations: Tailor the mount to your operational needs. Available with either low-profile hex nuts for a semi-permanent installation or adjustable, low-snap safety levers for quick-detach (QD) functionality.

Heavy-Duty Clamping Width: Built with a robust 25 mm ring width to provide maximum surface contact and secure clamping force on your optic's tube.

Modular Accessory Platform: Outfitted with the integrated UNIVERSAL interface on the top caps, allowing you to easily attach Picatinny rails, red dot adapter plates, or other tactical accessories.

Reducer Rings Reducing Rings T4/T5 Safety Instruction Guide

Introduction

Thank you for choosing the Reducer Rings Reducing Rings T4/T5. These rings are designed for optimal performance and durability. This safety instruction guide is provided to ensure the safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Always ensure that the Reducer Rings are used in accordance with the manufacturer's instructions to avoid accidents or injuries.
- **Enhanced Recalls:** Stay informed about product recalls. If a recall is issued, follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety regulations and provides clear product information.
- **Special Consumer Focus:** Extra caution should be exercised when the product is used around children or vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Check Compatibility:** Ensure that the Reducer Rings are compatible with your optic before installation.
- **Inspect Before Use:** Regularly inspect the rings for any signs of damage or wear. Do not use if damaged.
- **Proper Fit:** Ensure the rings fit securely on the optic to prevent slippage during use.
- **Avoid OverTightening:** When installing, do not overtighten the fasteners as this could damage the optic or the rings.
- **Keep Out of Reach of Children:** Store the product in a safe place, away from children and pets.

Instructions for Installation and Usage

1. **Unpack the Product:** Carefully remove the Reducer Rings from the packaging and inspect for any damage.
2. **Select the Fastener Configuration:** Choose between lowprofile hex nuts for a semipermanent installation or adjustable safety levers for quickdetach functionality.
3. **Mounting the Rings:**
 - Align the Reducer Rings with the optic's tube.
 - Use the appropriate tool to secure the fasteners without overtightening.
4. **Adjusting the Setup:** If using adjustable safety levers, ensure they are properly engaged to prevent accidental detachment.
5. **Final Check:** Once installed, check that the rings are securely fastened and that the optic is stable.

Disposal Instructions

- **Dispose Responsibly:** When the Reducer Rings reach the end of their life cycle, dispose of them in accordance with local regulations for electronic waste.
- **Recycling:** If possible, recycle components made of metal or plastic to minimize environmental impact.

Contact Information for Further Support

For any additional questions or support regarding the Reducer Rings Reducing Rings T4/T5, please refer to your retailer or the manufacturer's website for contact details.

By following these safety guidelines and instructions, you will ensure a safe and effective experience with your Reducer Rings Reducing Rings T4/T5. Thank you for your attention to safety, and enjoy your product!
