

T7 System - T7-Mount extended 30 BH 25 mm 20MOA

With the ERATAC T7, Recknagel/ERATAC establishes a new benchmark in the field of modern scope mounts. The T7 combines a radically innovative design with cutting-edge technologies specifically engineered for demanding operations on contemporary precision and service weapons. The result is one of the lightest, most secure, and highly user-friendly block mounts available on the market.

At the core of the T7 are the newly developed ERA-Grip inlays. This technology, specifically designed for riflescopes, ensures an absolutely reliable and rock-solid clamping force—even when subjected to the extreme recoil generated by large calibers.

No scope gluing required: Eliminates the need for adhesives, preventing residue or damage to the tube.

Significantly lower tightening torques: High retention performance is achieved without over-stressing structural components.

Gentle clamping action: Utilizes a specialized "belt principle" that distributes pressure evenly across the main tube.

Thin-walled scope optimization: Provides an ideal and safe mounting solution even for highly sensitive, thin-walled center tubes.

Attributes

- Name: T7-Mount extended 30 BH 25 mm 20MOA
- Manufacturer: ERATAC
- Product no.: EU2018074
- Mfr. No.: T7023-2025
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: T7023-2025

Safety Instruction Guide for T7 System T7Mount

Introduction

Thank you for choosing the T7 System T7Mount. This guide provides important safety information and instructions for the proper use and installation of your product. Please read this guide carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure that the T7Mount is used only as intended and in accordance with the instructions provided.
- Always inspect the T7Mount for any signs of damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Clamping Force:** The ERAGrip inlays are designed to provide a reliable clamping force. Ensure the mount is securely attached to prevent any movement during use.
- **Recoil Management:** Be aware that the mount is engineered to withstand the recoil generated by large calibers. Always use appropriate ammunition for your firearm.
- **Gentle Clamping Action:** Utilize the belt principle of the mount to distribute pressure evenly. Avoid overtightening, which can damage both the mount and the scope.
- **ThinWalled Scope Optimization:** Ensure compatibility with your rifle scope, especially if it has a thinwalled center tube. Improper mounting can lead to damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and safe before proceeding with installation.
- Select the appropriate mounting location on the firearm.
- Align the T7Mount with the mounting points, ensuring that it is level.
- Use the provided screws to secure the mount. Tighten them gently to avoid overstressing the components.
- Check the alignment of your scope after installation. Adjust as necessary.

2. Usage:

- Regularly check the tightness of the mount and scope during use, especially after firing.
- Avoid using adhesives or glues on the mount or scope to prevent damage.
- Follow all manufacturer guidelines for the scope and firearm to ensure safe operation.

Disposal Instructions

- Dispose of the T7Mount in accordance with local regulations.
- Do not dispose of the mount in household waste. Instead, contact a local recycling or waste management authority for guidance.

Contact Information for Further Support

For any safety inquiries or additional support regarding the T7 System T7Mount, please refer to the

manufacturer's contact information provided in the packaging or on the official website.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your T7 System T7Mount. Thank you for prioritizing safety in your use of this product.
