

T7 System - T7-Mount short/30/H25,0/20MOA

With the ERATAC T7, Recknagel/ERATAC establishes a new benchmark in the field of modern scope mounts. The T7 combines a radically innovative design with cutting-edge technologies specifically engineered for demanding operations on contemporary precision and service weapons. The result is one of the lightest, most secure, and highly user-friendly block mounts available on the market.

At the core of the T7 are the newly developed ERA-Grip inlays. This technology, specifically designed for riflescopes, ensures an absolutely reliable and rock-solid clamping force—even when subjected to the extreme recoil generated by large calibers.

No scope gluing required: Eliminates the need for adhesives, preventing residue or damage to the tube.

Significantly lower tightening torques: High retention performance is achieved without over-stressing structural components.

Gentle clamping action: Utilizes a specialized "belt principle" that distributes pressure evenly across the main tube.

Thin-walled scope optimization: Provides an ideal and safe mounting solution even for highly sensitive, thin-walled center tubes.

Attributes

- Name: T7-Mount short/30/H25,0/20MOA
- Manufacturer: ERATAC
- Product no.: EU2018078
- Mfr. No.: T7013-2025
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: T7013-2025

Safety Instruction Guide for T7 System T7Mount

Introduction

Thank you for choosing the T7 System T7Mount. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the T7Mount is used only with compatible riflescopes and firearms.
- Always check the product for any visible damage before use. Do not use if damaged.
- Keep the T7Mount out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding firearm accessories.
- Report any unsafe product experiences or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Clamping Force:** Ensure that the clamping force is applied evenly to avoid damaging the scope or mount.
- **Installation:** Follow the installation instructions carefully to prevent improper mounting which could lead to accidents.
- **Recoil Management:** Be aware that large calibers may generate significant recoil. Make sure the mount is securely attached before use.
- **Avoid Adhesives:** Do not use adhesives or glues on the mount, as this may compromise its integrity and functionality.
- **Tightening:** Use the recommended tightening torques to avoid overstressing structural components.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation (e.g., screwdrivers, torque wrench).
- Ensure that the workspace is clean and free of distractions.

2. Installation:

- Place the T7Mount on the desired location of the firearm.
- Align the mount with the scope's main tube, ensuring that it is level.
- Securely fasten the mount using the provided screws, applying the recommended torque.
- Doublecheck the alignment of the scope before final tightening.

3. Usage:

- Before each use, inspect the mount for any signs of wear or damage.
- Ensure that the scope is properly secured within the mount.
- Always handle firearms responsibly and in accordance with safety regulations.

Disposal Instructions

- Dispose of the T7Mount in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area.

Contact Information for Further Support

For any inquiries or further assistance regarding the T7 System T7Mount, please refer to the product packaging for the relevant contact information.
