

T7 System - T7-Mount short/34/H13,0/0MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Handgun Bases](#)

With the ERATAC T7, Recknagel/ERATAC establishes a new benchmark in the field of modern scope mounts. The T7 combines a radically innovative design with cutting-edge technologies specifically engineered for demanding operations on contemporary precision and service weapons. The result is one of the lightest, most secure, and highly user-friendly block mounts available on the market.

At the core of the T7 are the newly developed ERA-Grip inlays. This technology, specifically designed for riflescopes, ensures an absolutely reliable and rock-solid clamping force—even when subjected to the extreme recoil generated by large calibers.

No scope gluing required: Eliminates the need for adhesives, preventing residue or damage to the tube.

Significantly lower tightening torques: High retention performance is achieved without over-stressing structural components.

Gentle clamping action: Utilizes a specialized "belt principle" that distributes pressure evenly across the main tube.

Thin-walled scope optimization: Provides an ideal and safe mounting solution even for highly sensitive, thin-walled center tubes.

Attributes

- Name: [T7-Mount short/34/H13,0/0MOA](#)
- Manufacturer: [ERATAC](#)
- Product no.: EU2018079
- Mfr. No.: T7014-0013
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: T7014-0013

T7 System T7Mount Safety Instruction Guide

Introduction

Thank you for choosing the T7 System T7Mount. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the T7Mount is compatible with your specific firearm before installation.
- Always handle firearms with care and follow all relevant safety procedures.
- Be aware of your surroundings and ensure that you are in a safe environment when using firearms equipped with the T7Mount.
- Regularly inspect the T7Mount for any signs of wear or damage before each use.
- If you notice any defects or abnormalities, discontinue use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- **Clamping Force:** Ensure that the ERAGrip inlays are properly engaged to provide a reliable clamping force. This is crucial for maintaining scope stability during use.
- **Tightening Torques:** Adhere to the recommended tightening torques to avoid overstressing structural components. Refer to the installation instructions for specific torque values.
- **Gentle Clamping Action:** Use the T7Mount in accordance with the "belt principle" to distribute pressure evenly across the main tube. Avoid excessive force during installation.
- **ThinWalled Scope Optimization:** Ensure that the T7Mount is suitable for your scope's specifications, especially if it has a thinwalled construction. Improper mounting can lead to damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools required for installation.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation Steps:

- Align the T7Mount with the mounting points on your firearm.
- Insert the screws through the T7Mount into the firearm's mounting points.
- Firmly but gently tighten the screws using the recommended torque settings. Do not exceed the specified torque to prevent damage.

3. Scope Attachment:

- Place your riflescope into the T7Mount.
- Adjust the position of the scope to your preference.
- Secure the scope by tightening the clamping mechanism, ensuring an even distribution of pressure.

4. Final Checks:

- Inspect the installation to ensure all components are securely fastened.
- Perform a test to ensure the scope is stable and does not shift under recoil.

Disposal Instructions

- Dispose of the T7Mount in accordance with local regulations regarding electronic and nonfood product waste.
- Do not dispose of the product in regular household waste. Check for designated recycling facilities in your area.

Contact Information for Further Support

For any questions or concerns regarding the T7Mount, please refer to the manufacturer's website or customer support resources for assistance.

Reporting Unsafe Products

If you encounter any unsafe products or experience accidents, please report them to the appropriate authorities. Stay informed about product recalls by checking the EU's Safety Gate platform regularly.

Thank you for prioritizing safety and compliance while using the T7 System T7Mount. Your attention to these guidelines will help ensure a safe and enjoyable experience.
