

T7 System - T7-Mount short/34/H33,0/20MOA

With the ERATAC T7, Recknagel/ERATAC establishes a new benchmark in the field of modern scope mounts. The T7 combines a radically innovative design with cutting-edge technologies specifically engineered for demanding operations on contemporary precision and service weapons. The result is one of the lightest, most secure, and highly user-friendly block mounts available on the market.

At the core of the T7 are the newly developed ERA-Grip inlays. This technology, specifically designed for riflescopes, ensures an absolutely reliable and rock-solid clamping force—even when subjected to the extreme recoil generated by large calibers.

No scope gluing required: Eliminates the need for adhesives, preventing residue or damage to the tube.

Significantly lower tightening torques: High retention performance is achieved without over-stressing structural components.

Gentle clamping action: Utilizes a specialized "belt principle" that distributes pressure evenly across the main tube.

Thin-walled scope optimization: Provides an ideal and safe mounting solution even for highly sensitive, thin-walled center tubes.

Attributes

- Name: T7-Mount short/34/H33,0/20MOA
- Manufacturer: ERATAC
- Product no.: EU2018083
- Mfr. No.: T7014-2033
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: T7014-2033

Safety Instruction Guide for T7 System T7Mount

Introduction

Thank you for choosing the T7 System T7Mount. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Ensure that the T7Mount is installed by a qualified individual who understands firearm scope mounting.
- Always handle firearms safely and responsibly, following all applicable laws and regulations.
- Regularly inspect the T7Mount for signs of wear or damage before each use.
- Keep the T7Mount and all related equipment out of reach of children and unauthorized individuals.
- In case of any malfunction or damage, discontinue use immediately and seek professional assistance.

Specific Safety Precautions for Use

- **Clamping Force:** The ERAGrip inlays provide a reliable clamping force. Ensure that the mount is securely tightened according to the manufacturer's specifications to avoid any scope movement during shooting.
- **Recoil Considerations:** The T7Mount is designed to handle the recoil of large calibers. However, be aware that excessive force during installation can damage the mount or the scope.
- **Adhesives:** Do not use adhesives on the T7Mount. The design eliminates the need for gluing, which can cause damage to the scope tube.
- **ThinWalled Tubes:** If using a thinwalled scope, ensure that the mount is compatible and provides safe support without risking damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a torque wrench and appropriate size Allen keys.
- Ensure that the workspace is clean and free from distractions.

2. Installation Steps:

- Remove the scope from its packaging and inspect it for any damage.
- Position the T7Mount on the firearm's base according to the manufacturer's guidelines.
- Align the scope within the mount, ensuring it is level and properly positioned for your shooting needs.
- Using the torque wrench, tighten the mounting screws to the recommended torque settings. Do not overtighten, as this may damage the mount or the firearm.
- Doublecheck the alignment and secure fit of the scope within the mount.

3. Usage:

- Before each use, verify that the mount is securely attached and that the scope is properly aligned.
- During shooting, maintain awareness of any changes in the scope's position or performance.
- After use, clean the mount and scope to prevent buildup of dirt and debris.

Disposal Instructions

- Dispose of the T7Mount in accordance with local regulations regarding electronic and nonelectronic waste.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the T7 System T7Mount, please refer to the manufacturer's website or customer service resources.

Conclusion

Your safety is our priority. By following these guidelines, you can ensure the safe and effective use of the T7 System T7Mount. Thank you for your attention to safety and responsible firearm use.
