

T7 System - T7-Mount short/36/H20,0/0MOA

With the ERATAC T7, Recknagel/ERATAC establishes a new benchmark in the field of modern scope mounts. The T7 combines a radically innovative design with cutting-edge technologies specifically engineered for demanding operations on contemporary precision and service weapons. The result is one of the lightest, most secure, and highly user-friendly block mounts available on the market.

At the core of the T7 are the newly developed ERA-Grip inlays. This technology, specifically designed for riflescopes, ensures an absolutely reliable and rock-solid clamping force—even when subjected to the extreme recoil generated by large calibers.

No scope gluing required: Eliminates the need for adhesives, preventing residue or damage to the tube.

Significantly lower tightening torques: High retention performance is achieved without over-stressing structural components.

Gentle clamping action: Utilizes a specialized "belt principle" that distributes pressure evenly across the main tube.

Thin-walled scope optimization: Provides an ideal and safe mounting solution even for highly sensitive, thin-walled center tubes.

Attributes

- Name: T7-Mount short/36/H20,0/0MOA
- Manufacturer: ERATAC
- Product no.: EU2018084
- Mfr. No.: T7016-0020
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: T7016-0020

Safety Instruction Guide for T7 System T7Mount

Introduction

Thank you for choosing the T7 System T7Mount. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the T7Mount is used only as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the mount for any signs of wear or damage before each use.
- Keep the T7Mount out of reach of children and vulnerable individuals to prevent accidental misuse.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Always ensure that the T7Mount is securely attached to your firearm before use.
- Avoid using the mount with incompatible scopes or firearms that do not meet the specifications outlined in the product documentation.
- Do not exceed the recommended tightening torques during installation to prevent damage to the mount or firearm.
- Be mindful of the recoil generated by large calibers; ensure that the mount can withstand such forces.
- Do not apply adhesives or glues to the mount, as this can compromise its integrity and safety.

Instructions for Installation and Usage

1. Installation:

- Begin by ensuring that your firearm is unloaded and safe to handle.
- Align the T7Mount with the mounting points on your firearm.
- Use the provided screws to secure the mount, ensuring that they are tightened to the recommended torque specifications.
- Check that the mount is stable and does not wobble before attaching the scope.

2. Usage:

- Once the scope is attached, verify that it is securely mounted and that all adjustments are functioning correctly.
- Regularly check the mount during use, especially after heavy shooting sessions, to ensure that it remains secure.
- If any issues arise during use, such as instability or looseness, cease operation and inspect the mount immediately.

Disposal Instructions

- Dispose of the T7Mount in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the mount in regular household waste.
- If you are unsure about the disposal process, contact your local waste management authority for guidance.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

By following these guidelines and instructions, you can ensure the safe and effective use of the T7 System T7Mount. Thank you for prioritizing safety and compliance with EU regulations.
