

T7 System - T7-Mount short/36/H22,0/20MOA

With the ERATAC T7, Recknagel/ERATAC establishes a new benchmark in the field of modern scope mounts. The T7 combines a radically innovative design with cutting-edge technologies specifically engineered for demanding operations on contemporary precision and service weapons. The result is one of the lightest, most secure, and highly user-friendly block mounts available on the market.

At the core of the T7 are the newly developed ERA-Grip inlays. This technology, specifically designed for riflescopes, ensures an absolutely reliable and rock-solid clamping force—even when subjected to the extreme recoil generated by large calibers.

No scope gluing required: Eliminates the need for adhesives, preventing residue or damage to the tube.

Significantly lower tightening torques: High retention performance is achieved without over-stressing structural components.

Gentle clamping action: Utilizes a specialized "belt principle" that distributes pressure evenly across the main tube.

Thin-walled scope optimization: Provides an ideal and safe mounting solution even for highly sensitive, thin-walled center tubes.

Attributes

- Name: T7-Mount short/36/H22,0/20MOA
- Manufacturer: ERATAC
- Product no.: EU2018085
- Mfr. No.: T7016-2022
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: T7016-2022

Safety Instruction Guide for T7 System T7Mount

Introduction

Thank you for purchasing the T7 System T7Mount short/36/H22,0/20MOA. This product is designed to provide a secure and reliable mounting solution for modern riflescopes. To ensure your safety and the optimal performance of the T7Mount, please read this guide carefully before use.

General Safety Guidelines

- Ensure that the T7Mount is used only with compatible riflescopes and firearms.
- Always follow the manufacturer's instructions for installation and use.
- Inspect the T7Mount regularly for signs of wear or damage.
- Store the T7Mount in a dry, cool place away from direct sunlight.
- Keep the T7Mount out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Clamping Force:** Ensure that the clamping force is adequate to hold the riflescope securely without damaging it.
- **Recoil Management:** Be aware that large calibers can generate extreme recoil. Ensure that the T7Mount is properly secured to handle this force.
- **No Adhesives Required:** Do not apply adhesives to the T7Mount, as it is designed to function without them, preventing potential damage to the scope.
- **Tightening Torques:** Use the recommended tightening torques to avoid overstressing structural components.
- **Gentle Clamping Action:** Follow the "belt principle" to distribute pressure evenly across the main tube during installation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation.
- Ensure that the firearm is unloaded and safe to handle.

2. Mounting the T7Mount:

- Place the T7Mount on the designated mounting area of the firearm.
- Align the mount with the scope's mounting rings.

3. Securing the Mount:

- Use the provided screws to secure the T7Mount.
- Tighten the screws to the recommended torque specifications. Ensure that they are snug but do not overtighten.

4. Installing the Riflescope:

- Carefully place the riflescope into the T7Mount.
- Adjust the positioning for optimal eye relief and sight alignment.
- Secure the riflescope using the mount's clamping mechanism.

5. Final Check:

- Inspect the installation to ensure that everything is secure and correctly aligned.
- Test the mount by gently shaking the rifle to ensure stability.

Disposal Instructions

- Dispose of the T7Mount according to local regulations.
- Do not dispose of the T7Mount in regular household waste if it contains materials that are hazardous to the environment.
- Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the T7 System T7Mount, please reach out to the appropriate support channels. Ensure you have the product information ready for a quicker response.

By following these safety instructions, you can ensure the safe and effective use of your T7 System T7Mount. Thank you for your attention to these guidelines, and enjoy your shooting experience!
