

T7 System - T7 Mount extended/34/H21.0/0MOA

With the ERATAC T7, Recknagel/ERATAC establishes a new benchmark in the field of modern scope mounts. The T7 combines a radically innovative design with cutting-edge technologies specifically engineered for demanding operations on contemporary precision and service weapons. The result is one of the lightest, most secure, and highly user-friendly block mounts available on the market.

At the core of the T7 are the newly developed ERA-Grip inlays. This technology, specifically designed for riflescopes, ensures an absolutely reliable and rock-solid clamping force—even when subjected to the extreme recoil generated by large calibers.

No scope gluing required: Eliminates the need for adhesives, preventing residue or damage to the tube.

Significantly lower tightening torques: High retention performance is achieved without over-stressing structural components.

Gentle clamping action: Utilizes a specialized "belt principle" that distributes pressure evenly across the main tube.

Thin-walled scope optimization: Provides an ideal and safe mounting solution even for highly sensitive, thin-walled center tubes.

Attributes

- Name: T7 Mount extended/34/H21.0/0MOA
- Manufacturer: ERATAC
- Product no.: EU2018088
- Mfr. No.: T7024-0021
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: T7024-0021

Safety Instruction Guide for T7 System T7 Mount

Introduction

Thank you for choosing the T7 System T7 Mount. This guide provides essential safety instructions and information to ensure safe and effective use of your product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure the T7 Mount is installed and used according to the instructions provided in this guide.
- Always inspect the mount for any signs of damage before use.
- Use the T7 Mount only with compatible riflescopes and firearms. Refer to the manufacturer's specifications for compatibility.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe conditions or incidents related to the product to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- **Clamping Force:** Ensure that the clamping force is secure before each use to prevent the scope from shifting during operation.
- **Extreme Conditions:** Be aware that extreme recoil from large caliber firearms can affect the performance of the mount. Always check the mount after highrecoil usage.
- **No Adhesives Required:** Do not attempt to use adhesives or glues on the mount, as this can compromise its integrity and safety.
- **Gentle Clamping Action:** Ensure that the clamping mechanism is functioning correctly to avoid overstressing structural components.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Gather all necessary tools for installation.
- Ensure that the mounting surface is clean and free from debris.

2. Mounting the T7 Mount:

- Align the T7 Mount with the mounting surface on your firearm.
- Use the provided screws to secure the mount. Do not overtighten to avoid damaging the mount or firearm.
- Ensure that the ERAGrip inlays are properly positioned to provide optimal clamping force.

3. Attaching the Riflescope:

- Place the riflescope into the T7 Mount.
- Adjust the position of the scope to your preference.
- Secure the scope using the mount's clamping mechanism, ensuring it is firmly held in place.

4. Final Inspection:

- Doublecheck all screws and clamps to ensure everything is secure.
- Verify that the scope is aligned correctly and functions as intended.

Usage Instructions

- Before each use, inspect the mount and scope for any signs of wear or damage.
- Ensure that the mount is properly secured to the firearm before firing.
- After use, check the mount for any movement or loosening that may have occurred during operation.

Disposal Instructions

- Dispose of the T7 Mount in accordance with local regulations regarding electronic and nonelectronic waste.
- Do not dispose of the mount in regular household waste to ensure environmentally responsible disposal.

Contact Information for Further Support

For any questions or concerns regarding the T7 System T7 Mount, please refer to the manufacturer's website or contact their customer support for assistance.
