

T7 System - T7 Mount extended/34/H23.0/20MOA

With the ERATAC T7, Recknagel/ERATAC establishes a new benchmark in the field of modern scope mounts. The T7 combines a radically innovative design with cutting-edge technologies specifically engineered for demanding operations on contemporary precision and service weapons. The result is one of the lightest, most secure, and highly user-friendly block mounts available on the market.

At the core of the T7 are the newly developed ERA-Grip inlays. This technology, specifically designed for riflescopes, ensures an absolutely reliable and rock-solid clamping force—even when subjected to the extreme recoil generated by large calibers.

No scope gluing required: Eliminates the need for adhesives, preventing residue or damage to the tube.

Significantly lower tightening torques: High retention performance is achieved without over-stressing structural components.

Gentle clamping action: Utilizes a specialized "belt principle" that distributes pressure evenly across the main tube.

Thin-walled scope optimization: Provides an ideal and safe mounting solution even for highly sensitive, thin-walled center tubes.

Attributes

- Name: T7 Mount extended/34/H23.0/20MOA
- Manufacturer: ERATAC
- Product no.: EU2018089
- Mfr. No.: T7024-2023
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: T7024-2023

Safety Instruction Guide for T7 System T7 Mount

Introduction

Thank you for choosing the T7 System T7 Mount. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the T7 Mount is used only for its intended purpose as a scope mount for firearms.
- Always follow the manufacturer's instructions and guidelines.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the T7 Mount for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities immediately.
- Stay informed about product recalls and safety updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Clamping Force:** Ensure that the ERAGrip inlays are properly engaged to maintain a secure clamping force.
- **Recoil Management:** Be aware of the recoil produced by large calibers and ensure the mount is securely attached before firing.
- **No Adhesives Required:** Do not attempt to use adhesives or glues on the mount, as this may compromise its integrity.
- **Tightening Torques:** Follow the recommended tightening torques to avoid overstressing structural components.
- **Gentle Clamping:** Utilize the "belt principle" to distribute pressure evenly and avoid damaging the scope tube.
- **ThinWalled Tubes:** Ensure compatibility with thinwalled scope tubes to prevent damage during installation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation.
- Ensure the firearm is unloaded and in a safe condition before starting.

2. Installation:

- Position the T7 Mount on the firearm's base.
- Align the mount with the scope's mounting rings.
- Use the appropriate screws to secure the mount, ensuring not to overtighten.
- Check the alignment and make any necessary adjustments.

3. Usage:

- After installation, verify the stability of the mount before each use.
- Regularly check the mount during shooting sessions to ensure it remains secure.
- Clean the mount periodically to maintain optimal performance.

Disposal Instructions

- Dispose of the T7 Mount in accordance with local regulations.
- Do not dispose of the mount in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided separately.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your T7 System T7 Mount responsibly!
