

T7 System - T7 Mount extended/36/H20.0/0MOA

With the ERATAC T7, Recknagel/ERATAC establishes a new benchmark in the field of modern scope mounts. The T7 combines a radically innovative design with cutting-edge technologies specifically engineered for demanding operations on contemporary precision and service weapons. The result is one of the lightest, most secure, and highly user-friendly block mounts available on the market.

At the core of the T7 are the newly developed ERA-Grip inlays. This technology, specifically designed for riflescopes, ensures an absolutely reliable and rock-solid clamping force—even when subjected to the extreme recoil generated by large calibers.

No scope gluing required: Eliminates the need for adhesives, preventing residue or damage to the tube.

Significantly lower tightening torques: High retention performance is achieved without over-stressing structural components.

Gentle clamping action: Utilizes a specialized "belt principle" that distributes pressure evenly across the main tube.

Thin-walled scope optimization: Provides an ideal and safe mounting solution even for highly sensitive, thin-walled center tubes.

Attributes

- Name: T7 Mount extended/36/H20.0/0MOA
- Manufacturer: ERATAC
- Product no.: EU2018092
- Mfr. No.: T7026-0020
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: T7026-0020

Safety Instruction Guide for T7 System T7 Mount

Introduction

Thank you for choosing the T7 System T7 Mount. This product has been designed with your safety and performance in mind. Please read this safety instruction guide carefully to ensure the safe and effective use of the T7 Mount.

General Safety Guidelines

- **Product Safety:** The T7 Mount is designed to ensure safe use. Always follow the instructions provided to minimize risks associated with its use.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will receive standardized notices and free remedies for any dangerous products.
- **Online Shopping:** If you purchased this product online, rest assured that you have the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** Extra precautions are in place for vulnerable groups. Ensure that children do not have access to this product.
- **EU Contact Point:** For any safety inquiries, please consult the EU-based contact points available for this product.
- **Rapid Alerts:** Stay informed about any updates on unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Read the Manual:** Always read the instruction manual thoroughly before using the T7 Mount.
- **Check Compatibility:** Ensure that the T7 Mount is compatible with your specific rifle scope and weapon system.
- **Inspect Before Use:** Regularly inspect the mount for any signs of damage or wear. Do not use if damaged.
- **Secure Installation:** Ensure that the mount is securely installed before using the rifle. Follow all installation instructions carefully.
- **Avoid Overtightening:** Do not exceed the recommended tightening torques to prevent damage to the mount and the rifle scope.
- **Use Appropriate Tools:** Only use tools specified in the installation instructions to avoid damaging the components.
- **Store Safely:** When not in use, store the T7 Mount in a safe place away from children and pets.

Instructions for Installation and Usage

1. **Gather Tools and Materials:** Ensure you have all required tools ready, as mentioned in the installation instructions.
2. **Prepare the Mount:**
 - Remove any existing mounts or accessories from your rifle.
 - Clean the mounting area to ensure a secure fit.
3. **Install the T7 Mount:**
 - Position the T7 Mount on the rifle according to the instructions.
 - Align the mount with the appropriate mounting points on your rifle.
 - Use the specified screws and tighten them to the recommended torque settings.
4. **Attach the Scope:**
 - Place your riflescope into the T7 Mount.
 - Adjust the position and ensure it is level.
 - Secure the scope using the provided clamping mechanism, ensuring it is tight but not overstressed.
5. **Final Inspection:**

- Doublecheck all screws and connections to ensure everything is secure.
- Test the mount and scope under safe conditions before actual use.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the T7 Mount and any packaging materials in accordance with local regulations.
- **Recycling:** Where possible, recycle materials such as metal and plastic to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the T7 Mount, please refer to the EU contact points for assistance.
