

Bullet Feeder | Gen2 (Dillon Precision, .40 / 10mm)

Upgrade your production with our new and improved electronic bullet feeding system, specifically engineered for Dillon reloading presses. Featuring a rugged, injection-molded design, this system integrates smart automation with industrial-grade reliability. With advanced optical sensors, automated jam clearance, and a high-capacity collator holding up to 250 rounds of 9mm, it is designed to maximize your hourly output and eliminate reloading bottlenecks.

Attributes

- Name: Armanov Bullet Feeder | Gen2 (Dillon Precision, .40 / 10mm)
- Manufacturer: ARMANOV
- Product no.: EU2018240
- Mfr. No.: ABFG2D40
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm

Armanov Bullet Feeder | Gen2 Safety Instruction Guide

Introduction

Thank you for choosing the Armanov Bullet Feeder | Gen2. This electronic bullet feeding system is designed to enhance your reloading experience with safety and efficiency in mind. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the bullet feeder is compatible with your Dillon reloading press before use.
- Do not overload the collator beyond its capacity of 250 rounds of 9mm.
- Avoid placing fingers or any body parts near moving parts during operation.
- Disconnect the power supply before performing any maintenance or cleaning.
- Use the product in a dry environment to prevent electrical hazards.
- Follow all local regulations regarding the handling and storage of ammunition.

Instructions for Installation and Usage

Installation

1. Unbox the Armanov Bullet Feeder | Gen2 and check for all components.
2. Position the bullet feeder securely on your Dillon reloading press.
3. Connect the power supply to the feeder and ensure that it is plugged into a grounded outlet.
4. Verify that all connections are secure and that the feeder is stable before proceeding.

Usage

1. Load the collator with up to 250 rounds of 9mm ammunition.
2. Turn on the power supply and allow the system to initialize.
3. Monitor the optical sensors for proper operation.
4. In case of a jam, follow the automated jam clearance instructions provided by the system.
5. Regularly check for any signs of malfunction or wear during operation.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Remove any batteries or power sources before disposal.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Armanov Bullet Feeder | Gen2, please consult the manufacturer's website or your retailer for support.

Thank you for prioritizing safety while using the Armanov Bullet Feeder | Gen2. Enjoy your reloading experience!
