

Bullet Feeder | Gen2 (Dillon Precision, .45 ACP)

Upgrade your production with our new and improved electronic bullet feeding system, specifically engineered for Dillon reloading presses. Featuring a rugged, injection-molded design, this system integrates smart automation with industrial-grade reliability. With advanced optical sensors, automated jam clearance, and a high-capacity collator holding up to 250 rounds of 9mm, it is designed to maximize your hourly output and eliminate reloading bottlenecks.

Attributes

- Name: Armanov Bullet Feeder | Gen2 (Dillon Precision, .45 ACP)
- Manufacturer: ARMANOV
- Product no.: EU2018241
- Mfr. No.: ABFG2D45
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm

Armanov Bullet Feeder | Gen2 Safety Instruction Guide

Introduction

Thank you for choosing the Armanov Bullet Feeder | Gen2. This electronic bullet feeding system is designed to enhance your reloading experience with safety and efficiency in mind. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Always ensure safe use of the bullet feeder and follow all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices related to the Armanov Bullet Feeder.
- **Online Shopping Safety:** When purchasing online, ensure that you are buying from authorized retailers who comply with safety requirements.
- **Consumer Focus:** Extra care should be taken when using the bullet feeder around vulnerable groups, including children. Keep the product out of reach.
- **EU Contact Point:** For any safety inquiries, please refer to the product packaging for local EU contact details.
- **Rapid Alerts:** Check the EU Safety Gate platform for the latest updates on any unsafe products.

Specific Safety Precautions for Use

- **Read the Manual:** Thoroughly read this manual before using the bullet feeder.
- **Electrical Safety:** Ensure that the power source matches the specifications provided in the product manual. Avoid using damaged power cords or plugs.
- **Supervision:** Always supervise the use of the bullet feeder, especially when used near children or inexperienced users.
- **Proper Setup:** Ensure the bullet feeder is installed on a stable and secure surface to prevent tipping during operation.
- **Avoid Overloading:** Do not exceed the maximum capacity of the collator (250 rounds of 9mm) to prevent jams and malfunctions.
- **Regular Maintenance:** Perform regular maintenance checks as outlined in the manual to ensure the bullet feeder operates safely and effectively.
- **Emergency Procedures:** Familiarize yourself with the emergency shutoff procedures in case of malfunction or emergency.

Instructions for Installation and Usage

Installation

1. **Unpack the Unit:** Carefully remove the bullet feeder from the packaging. Check for any visible damage or missing parts.
2. **Locate a Suitable Surface:** Choose a sturdy, flat surface for installation. Ensure there is enough space for operation and maintenance.
3. **Connect the Power Supply:** Plug the feeder into a compatible power outlet. Ensure the connection is secure.
4. **Set Up Collator:** Load the collator with the appropriate bullets, ensuring not to exceed the capacity limit.

Usage

1. **Power On:** Turn on the bullet feeder using the power switch.
2. **Calibration:** Follow the calibration instructions in the manual to ensure proper functioning.
3. **Monitor Operation:** Keep an eye on the feeder during operation to detect any jams or issues promptly.
4. **Jam Clearance:** If a jam occurs, follow the automated jam clearance procedure as outlined in the manual.
5. **Shut Down:** After use, turn off the bullet feeder and unplug it from the power source.

Disposal Instructions

- **Environmental Considerations:** Dispose of the bullet feeder and its components in accordance with local regulations regarding electronic waste.
- **Recycling:** Where possible, recycle the product and packaging materials to minimize environmental impact.
- **Safety Precautions:** Before disposal, ensure the unit is completely powered down and disconnected from the power source.

Contact Information for Further Support

For any questions or concerns regarding the Armanov Bullet Feeder | Gen2, please refer to the product packaging for local support contact information. It is important to seek assistance from authorized service centers to ensure safety and compliance with warranty conditions.

Thank you for your attention to safety. By following these guidelines, you will ensure a safe and efficient reloading experience with the Armanov Bullet Feeder | Gen2.
