Armanov Router Case Trimmer Safety Instruction Guide

Introduction

Thank you for choosing the Armanov Router Case Trimmer (RCT). This guide provides essential safety information to ensure the safe and effective use of your new product. Please read this document carefully before using the RCT to familiarize yourself with its operation and safety precautions.

General Safety Guidelines

- Always read and understand the user manual before operating the RCT.
- Ensure that all safety precautions are followed during use.
- Keep the RCT out of reach of children and unauthorized users.
- Use the RCT only for its intended purpose, which is trimming rifle brass.
- Regularly inspect the RCT for any signs of wear or damage. Do not use if damaged.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and hearing protection, when operating the RCT.
- Ensure your workspace is clean and free from clutter to avoid accidents.
- Do not operate the RCT in wet or damp conditions to prevent electrical hazards.
- Be aware of your surroundings and ensure that others are at a safe distance while operating the RCT.

Specific Safety Precautions for Use

- **Electrical Safety:**
 - Ensure that the router used with the RCT is properly grounded.
 - Use only the recommended power supply for the router.
- **Mechanical Safety:**
 - Keep hands and other body parts away from moving parts during operation.
 - Allow the RCT and router to come to a complete stop before making adjustments or changing the end mill.
- **Material Safety:**
 - Use only approved brass casings for trimming.
 - Avoid trimming casings that are damaged or deformed.
- **Personal Safety:**
 - Do not wear loose clothing or jewelry that could become entangled in moving parts.
 - Tie back long hair to avoid entanglement.

Instructions for Installation and Usage

1. Installation:

- Ensure that the router is unplugged before installation.
- Attach the RCT securely to the router according to the manufacturer's instructions.
- Install the customdesigned, premium 4flute end mill into the RCT, ensuring it is tightened correctly.
- Adjust the height of the RCT for the desired trimming depth.

2. Usage:

- Plug in the router and turn it on.
- Hold the brass casing firmly against the RCT.
- Gently feed the casing into the end mill, allowing the trimmer to do the work.

- Do not force the casing into the end mill; let the tool operate at its intended speed.
- After trimming, turn off the router and wait for all moving parts to come to a complete stop before removing the casing.
- Clean the RCT and surrounding area after use to maintain a safe working environment.

Disposal Instructions

- Dispose of the RCT and any worn or damaged parts in accordance with local regulations.
- Do not dispose of electrical components in regular household waste; check for local electronic recycling programs.
- Ensure that any hazardous materials are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any safety inquiries or support related to the Armanov Router Case Trimmer, please refer to the contact details provided in the product packaging or visit the official Armanov website for more information.

By following these safety instructions, you can ensure a safe and effective experience while using the Armanov Router Case Trimmer. Thank you for your attention to safety!
