

Buffer - Aluminium Ring Indexer for Dillon XL650

Eliminate a notorious weak point on your press. Introducing our upgraded Ring Indexer for the Dillon XL650 (replaces OEM part #13677). Precision-engineered from lightweight, aircraft-grade aluminum, this upgrade delivers superior structural strength and long-term durability where the factory polymer part falls short.

To ensure flawless operation, the indexer features an integrated custom plain bearing machined from specialized IGUS iglide® high-performance polymer, guaranteeing an ultra-smooth, self-lubricating sliding motion.

Attributes

- Name: Aluminium Ring Indexer for Dillon XL650
- Manufacturer: ARMANOV
- Product no.: EU2018264
- Mfr. No.: ARIXL650
- Colour: Silver
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm

Armanov Buffer Aluminium Ring Indexer for Dillon XL650 Safety Instruction Guide

Introduction

Thank you for choosing the Armanov Buffer Aluminium Ring Indexer for your Dillon XL650 reloading press. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and damage before each use.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the indexer only with the Dillon XL650 reloading press.
- Avoid using excessive force during installation to prevent damage.
- Ensure that all components are securely fastened before operation.
- Do not modify the product; alterations may compromise safety.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the reloading press.
- Be aware of your surroundings and ensure a clean workspace to prevent accidents.

Instructions for Installation and Usage

1. Installation

- Disconnect the Dillon XL650 from the power source before installation.
- Remove the OEM part (part #13677) by following the manufacturer's instructions.
- Align the Armanov Buffer Aluminium Ring Indexer with the mounting points on the press.
- Securely fasten the indexer using the provided screws, ensuring that it is tightly fitted but not overtightened.
- Reconnect the Dillon XL650 to the power source.

2. Usage

- Before operating the Dillon XL650, ensure that the indexer is properly installed and functioning.
- Start the reloading press according to the manufacturer's guidelines.
- Monitor the operation of the indexer for any unusual sounds or movements.
- If any issues arise during operation, stop using the press immediately and inspect the indexer.

Disposal Instructions

- Dispose of the product in accordance with local waste disposal regulations.
- If the product is damaged or no longer in use, consider recycling the aluminum components where facilities are available.
- Do not dispose of the product in household waste; check for designated recycling points.

Contact Information for Further Support

For further assistance or inquiries regarding safety, installation, or usage, please refer to the manufacturer's website or contact their customer support team.

By following these safety instructions, you can ensure a safe and effective experience with the Armanov Buffer Aluminium Ring Indexer for your Dillon XL650 reloading press. Thank you for prioritizing safety.
