

CASE BIN STOPPER FOR DILLON CASE BIN - Bearing Shellplate Clamp for Frankford Arsenal X-10

Stabilize your press indexing. The Armanov Shellplate Clamp with integrated plain bearing is engineered to significantly boost the performance and precision of your Frankford Arsenal X-10 progressive reloading press.

Featuring a premium IGUS iglide® high-performance bearing, this upgrade minimizes axial friction and eliminates unwanted shellplate wobble during operation. This results in an exceptionally smooth, uniform, and precise shellplate rotation, which keeps powder from spilling out of the cases.

Safety Instruction Guide for ARMANOV CASE BIN STOPPER FOR DILLON CASE BIN

Introduction

Thank you for choosing the Armanov Case Bin Stopper for Dillon Case Bin. This product is designed to enhance the performance and precision of your Frankford Arsenal X10 progressive reloading press. It is essential to follow the safety instructions provided in this guide to ensure safe and effective use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage. Do not use if damaged.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the reloading press.
- Ensure that the reloading press is securely mounted and stable before use.
- Do not overload the reloading press beyond its specified capacity.
- Avoid placing hands or fingers near moving parts during operation.
- Keep the work area clean and free of clutter to prevent accidents.
- Do not use the product if you are under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is turned off and unplugged.
- Remove any existing shellplate clamps from the press.
- Align the Armanov Shellplate Clamp with the mounting holes on the press.
- Securely fasten the clamp using the provided screws, ensuring it is tightly fitted.
- Check that the clamp is properly installed and does not wobble.

2. Usage:

- Before starting the reloading process, ensure that the shellplate is correctly positioned and secured.
- Operate the press according to the manufacturer's guidelines, ensuring smooth and even movement.
- Monitor the operation for any unusual sounds or movements, which may indicate a problem.
- After use, turn off and unplug the reloading press.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for aluminum and other materials when available.

Contact Information for Further Support

For safety inquiries or further assistance, please reach out to your local distributor or the manufacturer. Ensure you have the product details handy for efficient support.

By following these guidelines, you can help ensure a safe and effective reloading experience with the Armanov Case Bin Stopper for Dillon Case Bin. Thank you for prioritizing safety in your reloading activities.
