

Aluminium Case Plunger for Frankford Arsenal X-10 (#1)

Eliminate flex and ensure flawless case feeding. Upgrade your Frankford Arsenal X-10 progressive reloading press with this premium aluminum case plunger. Precision-engineered to replace the factory plastic component, this upgrade delivers enhanced rigidity, ultra-smooth cycling, and exceptional longevity where the original part is prone to wear and flexing.

Aircraft-Grade Metallurgy: CNC-machined from high-strength 6082 Aluminum for maximum structural integrity and wear resistance.

Flawless Case Feeding: Eliminates the mechanical flex of the stock plastic part, ensuring positive, consistent, and well-timed case insertion into the shellplate.

Micro-Adjustable Design: Fully adjustable profile allows you to fine-tune the plunger's travel and alignment to perfectly match your specific caliber setup.

Drop-In Installation: Engineered as a direct, hassle-free replacement that installs quickly using your press's original factory screws.

Targeted Compatibility: Custom-tailored specifically for the Frankford Arsenal X-10 reloading press.

Attributes

- Name: Aluminium Case Plunger for Frankford Arsenal X-10 (#1)
- Manufacturer: ARMANOV

Safety Instructions for Aluminium Case Plunger for Frankford Arsenal X10

Introduction

Thank you for choosing the Aluminium Case Plunger for Frankford Arsenal X10. This product is designed to enhance the performance of your reloading press while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always handle the product with care to avoid injury or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage. Do not use if damaged.
- Follow all manufacturer instructions for use and maintenance.
- In case of any accidents or unsafe product experiences, report to the relevant authorities immediately.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) when operating the reloading press, including safety glasses and gloves.
- Avoid using excessive force when installing or adjusting the plunger to prevent injury or damage.
- Ensure that the reloading press is properly secured and stable before beginning any operations.
- Do not exceed the manufacturer's recommended specifications for the reloading press.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of explosion and injury.
- Keep the work area clean and organized to prevent accidents.

Instructions for Installation and Usage

1. Installation

- Ensure that your Frankford Arsenal X10 reloading press is unplugged and in a safe position.
- Remove the factory plastic plunger using the original factory screws.
- Align the Aluminium Case Plunger with the mounting holes of the reloading press.
- Secure the plunger in place using the original factory screws, ensuring a tight fit.
- Doublecheck that the installation is secure before proceeding to use the press.

2. Usage

- Adjust the plunger's profile to match your specific caliber setup by finetuning its travel and alignment.
- Operate the reloading press smoothly and consistently to ensure flawless case feeding.
- Regularly check the alignment and condition of the plunger during use to maintain optimal performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal recycling.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, ensure that it is recycled or disposed of responsibly.
