ARMANOV DILLON 650 TOOLHEAD ZERO PLAY FREE FLOAT READY Ejector Wire Safety Instructions

Introduction

Thank you for choosing the ARMANOV DILLON 650 TOOLHEAD ZERO PLAY FREE FLOAT READY Ejector Wire for your Dillon XL750/XL650 reloading press. This product is designed to enhance your reloading experience by ensuring precision and reliability. This safety instruction guide provides essential information on how to safely use, install, and dispose of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is compatible with your Dillon XL750/XL650 press before use.
- Always inspect the toolhead and ejector wire for any signs of wear or damage before installation.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as specified in this guide.
- Report any unsafe product incidents or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when handling tools and reloading equipment.
- Do not modify the toolhead or ejector wire in any way, as this may compromise safety and performance.
- Ensure that the reloading press is securely mounted and stable during operation.
- Avoid using excessive force when installing or adjusting the toolhead.
- Be aware of your surroundings and ensure that no unauthorized personnel are near your workspace during operation.

Instructions for Installation and Usage

Installation

1. Preparation:

- Gather all necessary tools and materials for installation.
- Ensure that the Dillon XL750/XL650 press is unplugged and in a safe position.

2. Remove the Existing Toolhead:

- Carefully detach the existing toolhead from the press, following the manufacturer's instructions.

3. Install the ARMANOV Toolhead:

- Align the new toolhead with the mounting points on the press.
- Securely attach the toolhead, ensuring it is fitted without any gaps.

4. Install the Ejector Wire:

- Follow the specific instructions provided with the ejector wire to ensure proper installation.
- Ensure that the ejector wire is positioned correctly and securely fastened.

5. Final Checks:

- Inspect the installation for any loose parts or misalignments.
- Confirm that all components are securely attached before proceeding to use.

Usage

- Always refer to the Dillon XL750/XL650 user manual for operational guidelines.
- Conduct a test run without any ammunition to ensure that the toolhead and ejector wire function correctly.
- Monitor the performance of the toolhead during use and stop immediately if you notice any irregularities.

Disposal Instructions

- Dispose of any wornout or damaged components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling facility.
- Ensure that all components are safely stored until disposal to prevent accidental injury.

Contact Information for Further Support
