

Magazine Base Pad +2 for MKA 1919 Shotgun and similar | Spider Line - Micrometer Bushing Upgrade for Frankford Arsenal X-10 Powder Measure

The factory micrometer O-ring often fails to provide enough friction, which can lead to unwanted dial movement during the operation of the powder measure. This thicker, high-friction O-ring holds the adjustment dial securely in place—a crucial factor for maintaining precise and consistent powder charges.

Attributes

- Name: Micrometer Bushing Upgrade for Frankford Arsenal X-10 Powder Measure
- Manufacturer: ARMANOV
- Product no.: EU2018392

Safety Instruction Guide for Magazine Base Pad +2 for MKA 1919 Shotgun and Spider Line Micrometer Bushing Upgrade for Frankford Arsenal X10 Powder Measure

Introduction

Thank you for choosing the Magazine Base Pad +2 for MKA 1919 Shotgun and Spider Line Micrometer Bushing Upgrade for Frankford Arsenal X10 Powder Measure. This guide provides essential safety instructions to ensure the safe and effective use of these products. Adherence to these guidelines will help prevent accidents and ensure a positive experience.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any visible damage before use.
- Use the product solely for its intended purpose; misuse can lead to injury or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the shotgun is unloaded before installing or adjusting the Magazine Base Pad.
- Do not attempt to modify or alter the product in any way, as this can compromise safety.
- When using the Spider Line Micrometer Bushing, ensure that it is properly secured to prevent unintended movement.
- Avoid using the powder measure in wet or humid conditions to prevent damage to the components.
- Always wear appropriate protective gear, such as safety glasses, when handling ammunition and reloading equipment.

Instructions for Installation and Usage

Magazine Base Pad +2 for MKA 1919 Shotgun

1. Ensure the shotgun is unloaded and pointed in a safe direction.
2. Remove the existing base pad from the magazine by pressing the release button.
3. Align the Magazine Base Pad +2 with the magazine and press it firmly until it clicks into place.
4. Verify that the base pad is securely attached before use.

Spider Line Micrometer Bushing Upgrade for Frankford Arsenal X10 Powder Measure

1. Disconnect the powder measure from any power source before installation.
2. Remove the existing micrometer Oring from the adjustment dial.
3. Install the new, thicker, highfriction Oring by sliding it into the designated groove on the adjustment dial.
4. Ensure that the Oring is seated properly to provide maximum friction and prevent dial movement.
5. Reconnect the powder measure to the power source and test the adjustment dial for smooth operation.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.

- Do not dispose of the product in regular household waste.
- Contact your local waste management authorities for guidance on proper disposal methods.
