

Mini Bullet Feeder - Mirror for Frankford Arsenal X-10 Casefeeder

Because the casefeeder is inherently mounted high up on the press, it is difficult for most reloaders to peek inside. Whether you need to check the remaining brass quantity in the feed bowl or quickly inspect a case-feed stoppage, this mirror offers the perfect solution. It mounts effortlessly right where the casefeeder cover latches onto the unit.

Armanov Mini Bullet Feeder Mirror Safety Instructions

Introduction

Thank you for choosing the Armanov Mini Bullet Feeder Mirror for Frankford Arsenal X10 Casefeeder. This product is designed to enhance your reloading experience by providing a clear view of the casefeeder's interior. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always inspect the product before use to ensure it is in good condition and free from defects.
- Keep the product out of reach of children and vulnerable individuals.
- In case of any product malfunction or damage, discontinue use immediately and seek assistance.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- The mirror is designed for visual inspection only; do not attempt to touch or manipulate any internal components of the casefeeder while it is in operation.
- Avoid using the mirror in environments with excessive moisture or extreme temperatures.
- Ensure that the mirror is securely mounted before use to prevent it from falling or shifting during operation.
- Do not use the mirror as a substitute for proper maintenance and inspection of the reloading equipment.

Instructions for Installation and Usage

1. Installation:

- Locate the area where the casefeeder cover latches onto the unit.
- Clean the surface where the mirror will be mounted to ensure proper adhesion.
- Align the mirror with the latch area and press firmly to secure it in place.
- Ensure that the mirror is positioned for optimal visibility into the casefeeder.

2. Usage:

- Before inspecting the casefeeder, ensure that the reloading press is turned off and not in operation.
- Use the mirror to check the remaining brass quantity in the feed bowl or to inspect for casefeed stoppages.
- If any issues are detected during inspection, follow the appropriate troubleshooting steps for your reloading press.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and nonbiodegradable materials.
- Do not dispose of the product in regular household waste.
- If you are unsure about how to dispose of the product, contact your local waste management authority for guidance.

Contact Information for Further Support

For any inquiries or concerns regarding the Armanov Mini Bullet Feeder Mirror, please reach out to the manufacturer or your place of purchase. Ensure you have the product details and any relevant information ready to assist with your query.

Thank you for your attention to these safety instructions. We hope you enjoy using your Armanov Mini Bullet Feeder Mirror for a safer and more efficient reloading experience.
