

Motor and Smart Electronics Upgrade | Armanov Bullet Feeder Hand Operated (International (US/UK/AU))

Transform your Armanov Hand-Operated Bullet Feeder into the fully automated, motor-driven ABF Gen2 system. This premium upgrade kit introduces a high-torque motor drive, dual optical sensors, an integrated status LED, and the renowned Auto Reverse function to ensure seamless, automated bullet feeding. For maximum flexibility, the motor can be easily disconnected to switch back to manual operation whenever needed.

Seamless Integration: Specifically designed to upgrade the Armanov Hand-Operated Bullet Feeder.

Smart Feedback: Built-in status LED provides real-time system diagnostics.

Jam-Free Performance: Advanced Auto Reverse function automatically clears and prevents feeding jams.

Dual Modes: Allows instant manual operation when the motor is disconnected.

Ready to Run: Includes a power brick with a region-specific plug.

Safety Instruction Guide for Armanov Bullet Feeder Hand Operated Motor and Smart Electronics Upgrade

Introduction

Thank you for choosing the Armanov Bullet Feeder Hand Operated Motor and Smart Electronics Upgrade. This product is designed to enhance your bullet feeding experience by providing a fully automated, motordriven system. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read the instruction manual thoroughly before using the product.
- Ensure that the product is used only for its intended purpose as specified.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- In case of any malfunction, discontinue use immediately and seek assistance.
- Follow all local regulations and guidelines regarding the use of electronic devices.

Specific Safety Precautions for Use

• Electrical Safety:

- Ensure that the power supply matches the specifications provided with the product.
- Do not use the product in wet or damp conditions to avoid electrical hazards.
- Unplug the power brick when the product is not in use.

• Mechanical Safety:

- Keep fingers and loose clothing away from moving parts during operation.
- Do not attempt to disassemble or modify the product, as this may lead to injuries or malfunction.

• Operational Safety:

- Use the Auto Reverse function to clear any feeding jams safely.
- If the product is not functioning as expected, stop using it immediately and consult the troubleshooting section of the manual.

• Age Restrictions:

- This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

• Installation:

1. Remove the product from the packaging and inspect for any damage.
2. Place the Armanov Bullet Feeder on a stable, flat surface.
3. Connect the power brick to the product and plug it into a compatible power outlet.
4. Ensure that the motor and sensors are securely attached and properly aligned.

- **Usage:**

1. Fill the bullet feeder with the appropriate ammunition as per the manufacturer's guidelines.
2. Turn on the power switch to activate the motor.
3. Monitor the status LED for realtime diagnostics.
4. If a jam occurs, utilize the Auto Reverse function to clear the blockage.
5. For manual operation, disconnect the motor as needed.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Do not dispose of the product in regular household waste.
- If possible, recycle components according to local recycling programs.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the official Armanov website or your local distributor for assistance. Ensure that you have the product model and serial number available when seeking support.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Armanov Bullet Feeder Hand Operated Motor and Smart Electronics Upgrade. Thank you for your attention to safety!
