Toolhead Ratchet for Dillon Super 1050 & RL1100 Safety Instructions

Introduction

Thank you for choosing the Armanov Toolhead Ratchet for your Dillon Super 1050 & RL1100. This product is designed to enhance the performance of your Dillon progressive press by ensuring flawless indexing and smooth cycling. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the Toolhead Ratchet is installed correctly before use to prevent accidents.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating machinery.
- Keep the work area clean and welllit to avoid hazards.
- Do not use the Toolhead Ratchet if it appears damaged or worn. Inspect regularly for signs of wear and replace as necessary.
- Follow all manufacturer instructions for the Dillon Super 1050 & RL1100 to ensure compatibility and safety.
- Keep this product out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Only use the Toolhead Ratchet with the Dillon Super 1050 & RL1100 as intended.
- Avoid wearing loose clothing or jewelry that could become entangled in machinery.
- Do not attempt to modify or alter the Toolhead Ratchet in any way.
- Ensure that all components of the Dillon progressive press are properly secured before operation.
- Be aware of your surroundings and ensure that no one is in close proximity to the machine while in use.

Instructions for Installation and Usage

1. Installation:

- Disconnect the Dillon press from the power source.
- Remove the existing toolhead ratchet if applicable.
- Align the Armanov Toolhead Ratchet with the mounting points on the Dillon press.
- Secure the ratchet in place according to the manufacturer's instructions.
- Doublecheck that the ratchet is firmly attached before reconnecting the power.

2. Usage:

- After installation, reconnect the Dillon press to the power source.
- Test the Toolhead Ratchet by cycling the press through its full range of motion.
- Monitor the operation for any unusual noises or resistance.
- If any issues arise, stop using the press immediately and inspect the Toolhead Ratchet and other components.

Disposal Instructions

- Dispose of the Toolhead Ratchet in accordance with local regulations for metal waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged and cannot be reused, take it to a designated recycling facility.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Toolhead Ratchet, please reach out to the designated contact points provided with your product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the Armanov Toolhead Ratchet for your Dillon Super 1050 & RL1100. Please keep this guide for future reference and share it with others who may use this product. Thank you for prioritizing safety in your reloading process.
