Safety Instruction Guide for Shellplate with Case Retainer Spring for Dillon XL650/XL750

Introduction

Thank you for choosing the Shellplate with Case Retainer Spring for Dillon XL650/XL750. This premium upgrade is designed to enhance your reloading experience by providing superior case control and smooth operation. To ensure your safety and the proper functioning of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle the Shellplate with Case Retainer Spring with care to avoid injury.
- Ensure that your Dillon XL650/XL750 press is powered off and unplugged before installation or maintenance.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the shellplate for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the relevant authorities immediately.
- Stay updated on product recalls and safety notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Use appropriate tools for installation to avoid injuries.
 - Follow the installation instructions carefully to prevent improper assembly.
- **Operational Safety:**
 - Do not exceed the recommended capacity of the press.
 - Do not place your hands or any body parts near moving parts during operation.
 - Always wear safety glasses when operating the press to protect your eyes from debris.
- **Maintenance Safety:**
 - Disconnect the power source before performing any maintenance on your Dillon press.
 - Clean the shellplate regularly to ensure optimal performance and safety.
- **User Safety:**
 - This product is intended for adults. Keep it out of reach of children.
 - Ensure that you are in a wellventilated area when using the press to avoid inhalation of any fumes.

Instructions for Installation and Usage

Installation Instructions

1. **Prepare the Work Area:**
 - Clear your work area of any unnecessary items and ensure good lighting.
2. **Gather Required Tools:**

- You will need a screwdriver and any other tools specified in the Dillon XL650/XL750 manual.

3. Remove Existing Shellplate:

- Ensure the press is powered off and unplugged.
- Carefully remove the existing shellplate from the press.

4. Install the New Shellplate:

- Align the new shellplate with the mounting points on the press.
- Secure the shellplate using the appropriate screws, ensuring it is tightly fastened.

5. Install the Case Retainer Spring:

- Attach the case retainer spring according to the provided instructions, ensuring it is properly seated.

6. Final Check:

- Inspect the installation to ensure everything is secure before plugging in the press.

Usage Instructions

• Loading Cases:

- Ensure cases are clean and free of obstructions before loading.
- Follow the Dillon XL650/XL750 manual for proper loading techniques.

• Operating the Press:

- Start the press following the manufacturer's instructions.
- Monitor the operation closely for any irregularities.

• PostOperation Care:

- After use, turn off and unplug the press.
- Clean the shellplate and surrounding areas to maintain optimal performance.

Disposal Instructions

- Dispose of the Shellplate with Case Retainer Spring in accordance with local regulations.
- If the product is damaged or no longer in use, consider recycling options where available.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Shellplate with Case Retainer Spring for Dillon XL650/XL750, please refer to the manufacturer's contact details provided with your product packaging or visit the official website for support resources.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Dillon XL650/XL750. Thank you for prioritizing safety!
