Safety Instruction Guide for Shellplate with Case Retainer Spring for Dillon XL650/XL750

Introduction

Thank you for choosing the Shellplate with Case Retainer Spring for your Dillon XL650/XL750 reloading press. This product is designed to enhance your reloading experience by providing improved case control and smoother operation. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Before installation, ensure that the Dillon press is unplugged and not in operation.
- Avoid overtightening screws or components during installation, as this may cause damage.
- Do not use the shellplate if it shows signs of cracks or defects.
- Ensure that all components are securely fastened before operating the press.
- Keep hands and other body parts clear of moving parts during operation.
- Do not attempt to modify or alter the shellplate or any of its components.
- Follow all manufacturer guidelines for the Dillon XL650/XL750 press to ensure compatibility and safety.

Instructions for Installation and Usage

Installation Steps

1. **Preparation:** Ensure that your Dillon XL650/XL750 press is turned off and unplugged.
2. **Remove Existing Shellplate:** Carefully detach the existing shellplate from the press by following the manufacturer's instructions.
3. **Install New Shellplate:**
 - Align the new shellplate with the mounting points on the press.
 - Securely fasten the shellplate using the provided screws, ensuring they are tightened but not overtightened.
4. **Install Case Retainer Spring:**
 - Locate the case retainer spring slot on the shellplate.
 - Insert the case retainer spring into the designated slot, ensuring it is properly seated.
5. **Final Check:** Inspect the installation to ensure that all components are securely attached and there are no obstructions.

Usage Instructions

- Once installed, connect your Dillon press to the power supply and ensure it is functioning correctly.
- Load cases into the shellplate as per the Dillon XL650/XL750 operating instructions.
- Operate the press according to the manufacturer's guidelines, ensuring that you maintain a clear workspace.
- Monitor the operation for any unusual noises or movements, and stop immediately if any issues arise.

Disposal Instructions

- Dispose of the shellplate and case retainer spring responsibly and in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.
- If the product is damaged or no longer usable, follow local guidelines for hazardous waste disposal if applicable.

Contact Information for Further Support

For any questions or concerns regarding the Shellplate with Case Retainer Spring, please refer to the manufacturer's website or customer support resources. Ensure that you have your product information ready for any inquiries.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your reloading experience!
