Safety Instruction Guide for Small Pin for Armanov Swage PRO | Dillon XL650 / XL750 Spring Kit for Dillon RL1050

Introduction

Thank you for choosing the Small Pin for Armanov Swage PRO and Dillon XL650 / XL750 Spring Kit for Dillon RL1050. This product is designed to ensure the smooth operation of your Dillon Precision reloading press. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always follow the manufacturer's instructions and guidelines for installation and usage.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the product for wear and damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate protective gear, such as safety glasses and gloves, when handling or operating the reloading press.
- Ensure that the reloading press is properly secured and stable before use.
- Do not exceed the recommended load limits for the reloading press.
- Avoid using the product if you notice any signs of damage or malfunction.
- Do not modify the product in any way, as this could compromise its safety and effectiveness.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is unplugged and in a safe state before beginning installation.
- Carefully remove the old or broken component from the reloading press.
- Align the new Small Pin for Armanov Swage PRO with the installation point on the reloading press.
- Securely fasten the pin according to the manufacturer's specifications.
- Doublecheck that all components are securely installed before plugging in the reloading press.

2. Usage:

- Before operating the reloading press, ensure that all components are properly installed and functioning.
- Start with a small batch of brass to test the new installation before proceeding with larger quantities.
- Monitor the operation of the reloading press for any unusual noises or behaviors.
- If you notice any issues during operation, stop immediately and inspect the product.

Disposal Instructions

- Dispose of any old or broken components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal sites.
- Ensure that the product is completely nonfunctional before disposal to prevent accidents.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of this product, please refer to the manufacturer's official contact channels. Ensure you have the product details and any relevant information ready for a more efficient resolution.

Thank you for prioritizing safety while using the Small Pin for Armanov Swage PRO and Dillon XL650 / XL750 Spring Kit for Dillon RL1050. Your safety is our priority, and we wish you a successful reloading experience.
