

## **Small Pin for Armanov Swage PRO | Dillon XL650 / XL750 - Milled Aluminium Station One Locator for Dillon XL650/XL750 (#2 - 13563)**

Upgrade the most critical junction of your progressive press. The factory plastic component at Station One is prone to flexing and wearing down over time, leading to misaligned cases and erratic indexing. The Armanov Station One Locator #2 is precision CNC-machined from premium aircraft-grade aluminium, delivering the ultimate blend of rugged durability and match-grade consistency.

# Safety Instruction Guide for Armanov Swage PRO Small Pin

## Introduction

Thank you for choosing the Armanov Swage PRO Small Pin for Dillon XL650/XL750. This product is designed to enhance the performance and durability of your progressive press. It is important to follow safety instructions to ensure proper use and avoid potential hazards. This guide outlines essential safety information, installation instructions, and disposal guidelines.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is suitable for your specific model of Dillon XL650 or XL750.
- Regularly inspect the product for any signs of wear or damage before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay updated on product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Use Personal Protective Equipment (PPE):** Always wear safety glasses and gloves when handling and installing the product.
- **Avoid OverTightening:** Do not overtighten the Small Pin during installation, as this may cause damage to the component or lead to misalignment.
- **Check Compatibility:** Ensure that the Small Pin is compatible with your Dillon XL650/XL750 model before installation.
- **Monitor Performance:** Pay attention to the performance of your progressive press after installation. If you notice any irregularities, cease use immediately and inspect the product.
- **Follow Manufacturer Guidelines:** Always comply with the manufacturer's recommendations for use and maintenance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools for installation.
- Ensure the Dillon XL650/XL750 is turned off and unplugged.

### 2. Installation Steps:

- Remove the factory plastic component from Station One of your Dillon XL650/XL750.
- Clean the area to ensure proper seating of the new Small Pin.
- Align the Armanov Station One Locator #2 with the mounting holes.
- Insert the Small Pin and gently secure it in place without overtightening.
- Doublecheck the alignment and ensure that it is firmly in place.

### 3. Usage:

- Once installed, power on your Dillon XL650/XL750.
- Monitor the operation for any signs of misalignment or irregular indexing.
- If issues arise, turn off the machine and recheck the installation.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the product if possible.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or installation, please contact the manufacturer's support team or refer to the product's official website for more information. Ensure you have your product details and model information ready for efficient assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priority.
