Stainless Station One Locator for Dillon XL650/XL750 Safety Instructions

Introduction

Thank you for choosing the Stainless Station One Locator for Dillon XL650/XL750. This product is designed to enhance the performance of your Dillon progressive press by providing a durable and reliable component. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as outlined in this manual.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling or installing the product.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the product for signs of wear or damage. Do not use if any defects are found.
- Follow all local laws and regulations regarding the use of tools and equipment.

Specific Safety Precautions for Use

- **Mechanical Safety:** Ensure that the Dillon progressive press is turned off and unplugged before installation or maintenance.
- **Installation Safety:** Use tools that are appropriate for the installation process. Avoid using excessive force to prevent damage to the product or the press.
- **Operational Safety:** Do not operate the press without the Station One Locator properly installed. Ensure that all components are securely fastened before use.
- **Emergency Procedures:** Familiarize yourself with emergency procedures in case of an accident or malfunction. Have a first aid kit readily available.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Ensure the Dillon XL650/XL750 press is turned off and disconnected from power.
- Gather necessary tools, including a wrench and screwdriver.

2. Remove Existing Component:

- Carefully remove the existing Station One component from the press.
- Dispose of any worn or damaged parts according to local regulations.

3. Install the Stainless Station One Locator:

- Align the new Stainless Station One Locator with the designated area on the press.
- Securely fasten the locator using the appropriate tools, ensuring it is tight but not overtightened.

4. Final Check:

- Inspect the installation to ensure all components are properly aligned and secured.
- Reconnect the press to power and perform a test run without any materials to confirm functionality.

Usage Instructions

- Follow the operating guidelines provided in the Dillon XL650/XL750 manual.
- Monitor the performance of the press during operation, and listen for any unusual noises that may indicate a problem.
- Periodically check the Station One Locator for any signs of wear or damage during regular maintenance intervals.

Disposal Instructions

- Dispose of the product in accordance with local environmental regulations.
- If the product is damaged or no longer functional, consider recycling materials where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Stainless Station One Locator, please refer to the product packaging or the manufacturer's website for additional information and support. It is important to have access to a reliable contact point for safety inquiries.

By following these safety instructions, you can ensure the effective and safe use of the Stainless Station One Locator for Dillon XL650/XL750. Your safety and satisfaction are our top priorities. Thank you for your attention to these important guidelines.
