Safety Instruction Guide for Stainless Station One Locator for Dillon XL650/XL750

Introduction

Thank you for choosing the Stainless Station One Locator for Dillon XL650/XL750. This product is designed to enhance the performance of your Dillon progressive press by providing a durable and precisionengineered solution. To ensure your safety and the longevity of the product, please read and follow the instructions outlined in this guide.

General Safety Guidelines

- Ensure the product is suitable for your Dillon XL650/XL750 model before installation.
- Always use the product in accordance with the manufacturer's instructions.
- Regularly inspect the product for signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from improper installation or use.
- Risk of damage to the Dillon XL650/XL750 if incompatible parts are used.
- Risk of mechanical failure if wornout components are not replaced.

- **Instructions for Avoiding Hazards:**

- Always ensure the machine is powered off before installation or maintenance.
- Use appropriate tools and techniques to avoid injury during installation.
- Follow the specific installation instructions provided in this guide to prevent mechanical failure.

- **Warnings:**

- This product is not intended for use by children.
- Only trained individuals should operate the Dillon XL650/XL750 with this product installed.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the necessary tools for installation, including a screwdriver and any other required equipment.
- Read through the installation instructions completely before starting.

2. Installation Steps:

- Turn off and unplug your Dillon XL650/XL750.
- Remove any existing components that will be replaced by the Stainless Station One Locator.
- Align the Station One Locator with the mounting points on your press.
- Secure the Locator using the provided screws or fasteners, ensuring a tight fit.
- Doublecheck that all components are properly installed and secure before powering on the

machine.

3. Usage:

- Once installed, operate your Dillon XL650/XL750 as per the standard operating procedures.
- Monitor the performance of the Locator during use, looking out for any unusual sounds or movements.

4. Maintenance:

- Regularly inspect the Station One Locator for wear and tear.
- Clean the Locator and surrounding areas to prevent debris buildup that could affect performance.

Disposal Instructions

- Dispose of any old or replaced components in accordance with local regulations.
- The Stainless Station One Locator is made from stainless steel and can be recycled. Check with local recycling facilities for proper disposal methods.

Contact Information for Further Support
