Safety Instructions for the Stainless Station One Locator for Dillon XL650/XL750 and Sight Adjustment Tool for MosinNagant

Introduction

Thank you for choosing the Stainless Station One Locator for Dillon XL650/XL750 and the Sight Adjustment Tool for MosinNagant. This guide provides essential safety instructions to ensure the safe and effective use of your products. Please read this manual carefully before using the tools.

General Safety Guidelines

- Ensure that the tools are used in a safe environment, free from distractions.
- Keep the tools out of reach of children and unauthorized users.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the tools.
- Inspect the tools regularly for any signs of damage or wear before use.
- Follow all local laws and regulations regarding the use of firearms and related accessories.
- Report any unsafe product experiences or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Hazard Identification:

- The tools are designed for precision adjustments. Improper use may lead to personal injury or damage to the firearm.
- The sight adjustment tool is specifically designed for MosinNagant rifles. Using it with other firearms may result in damage or injury.

• Avoiding Hazards:

- Always ensure that the firearm is unloaded and pointed in a safe direction before using the sight adjustment tool.
- Do not force the tool if it does not fit correctly; this may cause damage to both the tool and the firearm.
- Avoid using the tool in wet or slippery conditions to prevent loss of grip and control.

• AgeSpecific Warnings:

- This product is intended for adult use only. It should not be handled by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

• Installation:

1. Ensure the firearm is unloaded and safely stored.
2. Identify the front sight post on your MosinNagant rifle.
3. Carefully position the sight adjustment tool over the front sight post, ensuring a snug fit.
4. If necessary, adjust the tool to align with the front sight post.

- **Usage:**

1. With a firm grip, apply even pressure to the tool to make the necessary adjustments.
2. Make small adjustments at a time to avoid overcorrecting.
3. Regularly check the alignment of the sights during the adjustment process.
4. Once the desired adjustment is achieved, remove the tool carefully and ensure the firearm is still unloaded.

Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- If the product is damaged beyond repair, consider recycling the materials if applicable.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the Stainless Station One Locator for Dillon XL650/XL750 and the Sight Adjustment Tool for MosinNagant, please contact the manufacturer or retailer from whom you purchased the product. Ensure to have your purchase information ready for reference.
