Armanov Unicount Round Counter Safety Instruction Guide

Introduction

Thank you for choosing the Armanov Unicount Round Counter. This advanced digital ammo counter and workspace illuminator is designed to enhance your reloading experience with precise tracking and clear visibility. To ensure your safety and the optimal use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the Armanov Unicount Round Counter in accordance with the manufacturer's instructions.
- Ensure that the product is used in a wellventilated area to prevent overheating.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the counter for any signs of damage or malfunction before use.
- Do not attempt to repair or modify the product yourself; contact a qualified technician for assistance.
- In case of any malfunction or unusual behavior, discontinue use immediately and seek support.

Specific Safety Precautions for Use

- Do not expose the counter to water or any liquids to prevent electrical hazards.
- Avoid using the counter in extreme temperatures or humidity levels outside the recommended range.
- Ensure that the LED lighting system is not obstructed during operation to maintain visibility.
- When setting the batch size alarm, do not exceed the recommended limits to avoid overloading the counter.
- Always turn off the counter when not in use to conserve energy and prevent potential hazards.

Instructions for Installation and Usage

Installation

1. **Unbox the Product:** Carefully remove the Armanov Unicount Round Counter from its packaging.
2. **Select a Location:** Choose a stable and dry surface for installation, ensuring adequate space for both the counter and the reloading process.
3. **Connect Power:** Plug the counter into a suitable power outlet. Ensure that the voltage matches the specifications provided in the product manual.
4. **Turn On the Counter:** Press the power button to turn on the unit. The display should light up, indicating that the counter is operational.

Usage

1. **Setting Up the Counter:**
 - Use the buttons on the counter to set your desired batch size.
 - Activate the batch size alarm to receive notifications when your target quantity is reached.
2. **Tracking Production:**
 - Start the production process by pressing the counting button each time a round is completed.
 - Monitor the realtime pace calculator for your current hourly output.
3. **Using the LED Lighting:**

- Adjust the brightness of the LED lights to ensure optimal visibility on your reloading bench.
- Ensure that the lights are directed towards the workspace for the best effect.

4. Turning Off the Counter:

- After completing your reloading session, press the power button to turn off the unit.
- Unplug the counter if it will not be used for an extended period.

Disposal Instructions

- Dispose of the Armanov Unicount Round Counter responsibly in accordance with local regulations.
- Do not dispose of electrical products in general waste; recycle where facilities exist.
- Remove batteries (if applicable) and dispose of them separately according to local regulations.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the contact information provided in the product packaging or on the manufacturer's official website.

By following these safety instructions, you can ensure a safe and effective experience with your Armanov Unicount Round Counter. Always prioritize safety and stay informed about the proper use and maintenance of your equipment.
