

HNT Buttstock Folding - MDT Buttstock - HNT - Fixed - CKG

The same ultralight carbon fiber folding buttstock trusted on our popular HNT26 chassis is now available as a standalone upgrade for MDT's latest LSS GEN3 and other XTN precision rifle interface models. Designed to reduce rear-end weight without sacrificing strength or adjustability, the HNT Carbon Fiber Buttstock keeps your rifle stable, quiet, and dependable wherever the mission takes you.

Weighing just 16 oz in the folding configuration, the carbon fiber shell eliminates unnecessary bulk, making it ideal for long backcountry hunts, tight pack-outs, competition stages, or any situation where every ounce matters. Carry less weight and go farther without compromising performance.

Fit is fully customizable. A spacer-adjustable length of pull combined with an adjustable cheek piece allows you to dial the rifle perfectly to your body. The result is a repeatable, comfortable shooting position that enhances consistency and control.

The folding mechanism reduces overall rifle length for transport and backpack carry, making it easier to maneuver through dense terrain or travel with confidence. When space is limited, compact matters.

New with GEN3, the foam-filled carbon core further refines the shooting experience. It dampens vibration and reduces felt recoil, giving the rifle a more solid, deadened recoil impulse while also minimizing unwanted noise from contact with gear or other equipment in the field.

Purpose-built specifically around MDT's XTN interface — including the Short XTN adapter — this buttstock achieves practical length-of-pull ranges tailored for lightweight hunting builds without sacrificing structural integrity.

Attributes

- Name: MDT Buttstock - HNT - Fixed - CKG
- Manufacturer: MDT
- Product no.: EU2018726
- Mfr. No.: 114409-CKG
- Colour: Cobalt
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- UPC: 990482725457

HNT Buttstock Folding MDT Buttstock Safety Instructions

Introduction

Thank you for choosing the HNT Buttstock Folding MDT Buttstock. This product is designed for enhanced performance and comfort in precision rifle shooting. To ensure your safety and the longevity of your product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always follow the manufacturer's instructions when using the buttstock.
- Ensure the buttstock is compatible with your rifle model before installation.
- Regularly inspect the buttstock for signs of wear or damage.
- Keep the buttstock out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Weight Considerations:** The HNT Buttstock is designed to be lightweight. However, ensure that your rifle remains balanced and manageable during use.
- **Adjustability:** Adjust the length of pull and cheek piece to fit your body properly. An improper fit may lead to discomfort or reduced control.
- **Folding Mechanism:** When using the folding feature, ensure it is securely locked in place before firing. A malfunctioning mechanism may lead to accidents.
- **Vibration Dampening:** The foamfilled carbon core reduces recoil and vibration. Ensure that it is intact to maintain performance.
- **Transport Safety:** When transporting your rifle with the buttstock attached, ensure it is securely stored to prevent accidents during movement.

Instructions for Installation and Usage

- **Installation:**

1. Remove the existing buttstock from your rifle, following the manufacturer's guidelines.
2. Align the HNT Buttstock with the rifle's interface.
3. Securely attach the buttstock using the provided hardware, ensuring all screws are tightened properly.
4. Adjust the length of pull using the spacer as needed to fit your body.
5. Adjust the cheek piece for optimal alignment with your sighting system.

- **Usage:**

1. Before each use, check that the buttstock is securely attached and all adjustments are locked in place.
2. Practice using the folding mechanism to familiarize yourself with its operation.
3. When in use, maintain a firm grip on the rifle and ensure proper shooting stance for stability.
4. After use, fold the buttstock for compact storage if desired.

Disposal Instructions

- Dispose of the HNT Buttstock in accordance with local regulations for composite materials.
- Do not dispose of the product in regular household waste.
- Consider recycling options for carbon fiber materials where available.

Contact Information for Further Support

For any questions regarding safety, installation, or usage of the HNT Buttstock Folding MDT Buttstock, please refer to the manufacturer's website or contact your local retailer for assistance.

Thank you for prioritizing safety while enjoying your shooting experience. Always remember to handle your equipment responsibly and stay informed about best practices.
